Corporate social responsibility

Even small gestures can have a big impact

Environmental protection, increasing the quality of education and improving the health and quality of life. These are the main areas we have been working on for a long time at SOFTIP and we want to actively participate in their positive change.

We inspire to donate blood

We organise the SOFTIP KVAPKA KRVI (SOFTIP blood donation) event in Banská Bystrica, which attracts dozens of volunteers every year and takes place at the turn of October and November. The main goal of this event is positive motivation for all those who are considering donating blood.

We are fans of recreational sport

For several years, SOFTIP has been the titular partner of the Three Kings Night Run through the streets of Banská Bystrica, which regularly starts the Marathon BB Tour season on 6 January. We support several amateur sports clubs and organise sporting events, including the SOFTIP CYKLO TOUR spring cycling tour

We are interested in strong human stories

SOFTIP has long been one of the largest supporters of the Down Syndrome Society in Slovakia. We are very glad that our employees have taken it under their wing and initiate various volunteer events and collections to support its activities. We have been a long-time supporter of Light of Hope. We help people in difficult life situations.

We care about the quality of education

We have established long-standing cooperation with schools. We share know-how through lectures by our staff on campus and free admission for students and faculty to our professional events. We also help with the technical equipment of professional classrooms or the furnishing of relaxation zones.

We are being kind to the planet

We have implemented an Environmental Management System (ISO 14 001). We minimise the waste we produce and separate what we do produce honestly. We are electronifying processes, saving paper and toner. We optimise business travel, use conference calls and remote file sharing for communication. We cycle to work.

We are one of the exceptional companies

We are a proud holder of the Exceptional Company Award, which was awarded to us for our activities in the field of social responsibility by the renowned certification company TÜV SÜD Slovakia.
